CITY OF EL MONTE

INTERDEPARTMENTAL COMMUNICATION POLICE DEPARTMENT FEBRUARY 6, 2019

TO: DAVID REYNOSO, CHIEF OF POLICE

FROM: CHRISTOPHER WILLIAMS, CAPTAIN

SUBJECT: PROGRAM ADJUSTMENT: ASSET FORFIETURE REMAINING FUNDS

BURGLARY PREVENTION REWARD PROGRAM FROM ILLEGAL

FIREWORKS REWARD PROGRAM

RECOMMENDATION

Convert the remaining funds approved from the memorandum dated May 21, 2015, Illegal Fireworks Reward Program, to Burglary Prevention Reward Program. The remaining proceeds are stored on \$ 50.00 gift cards and in the custody of the Administrative Services Captain. The remaining Gift Cards total \$ 1,950.00. There is also a cash balance of \$ 27.25.

BACKGROUND

In 2015 the Police Department deployed funds to obtain the public's cooperation in suppressing illegal fireworks for the July 4, 2015, Holiday. Asset Forfeiture Funds from account #259-71-712-6266 in the amount of \$ 2,500.00 was approved by then City Manager, Raul Godinez, for a reward program to report illegal fireworks. During that time illegal fireworks activity had reached a high point and the public outreach campaign was used to communicate the safety issues of illegal fireworks.

El Monte has seen some success in this area, and continues to seek new ways to address the problem associated with illegal fireworks possession and usage. However, in the last three years only three (3) gift cards were issued. It is likely the incentive to report neighbors may have not resulted in claims to the program for gift cards.

Residential burglary and theft has seen an increase of activity after recent changes in the criminal justice system. Thefts from residences and burglaries to homes are a primary focus of our law enforcement efforts and we have experienced an increase in the number of home camera systems which provide evidence or clues to possible suspects. The Ring Neighborhood application has also provided a social media share platform of neighbors sharing videos of suspicious activity and criminal suspects, which we have used to alert patrol officers and identify suspects.

DISCUSSION

Residential crime related to theft and burglary remains a primary topic during neighborhood engagement meetings. The use the Ring Door Bell cameras have provided not only intelligence about suspect's action and descriptions, but serves as a deterrent when suspect notice the Ring camera system. The El Monte Police Department will use the remaining Gift Cards, not used since 2015, under the Fireworks Reward Program, to purchase Ring Camera Door Bells for witnesses or reporting parties that provide suspect descriptions to burglaries to residential homes. The Cameras will be provided to one witness who provides information that describes the suspect of the crime and is not a generic description of only sex and race.

- 1. Any community member who has descriptive knowledge of a suspect seen committing a burglary to a residence in El Monte and reports the information to officers during the course of the initial investigation; who must provide their true name, address and phone number; and be willing to testify about their personal observation of the suspects actions in court is eligible to receive a Ring Camera under this program.
- When an officer confirms a witness has provided a description that would help in identifying a suspect, if located in the future, the officer will complete a police report with all information described and notify the Patrol Team sergeant of a witness who meets the above criteria.
- 3. The Patrol Team Sergeant will review the report and ensure the information is complete to include the witnesses' information and description beyond the listing of sex and race. The Sergeant will notify the on duty Watch Commander and Patrol Captain of a witness that is eligible to a Ring Door Bell Camera. Patrol Captain will notify the Administrative Services Captain via email of the eligible witness and corresponding case number. Whenever possible, the Ring Door Bell Camera will be presented to witness within two work days.
- 4. For audit purposes, a log will be kept by the Administrative Services Captain to document the incident and reference the arrest and report number.

The success of the Program will rest in part with how the Police Department communicates this program of officers who will seek out witnesses. Social media outreach will be used to highlight success of the program, without identifying the cooperating witnesses.

FISCAL IMPACT

No fiscal impact, only gift cards not used from the 2015 Firework Reward Program will be used and at this time we have \$ 1,950.00 in gift cards and \$ 27.25, in cash.

INTERDEPARTMENTAL COMMUNICATION POLICE DEPARTMENT FEBRUARY 28, 2019

TO:

DAVID R. REYNOSO, CHIEF OF POLICE

FROM:

CHRISTOPHER WILLIAMS, CAPTAIN

SUBJECT:

NEIGHBORS BY RING MEMORANDUM OF UNDERSTANDING

RECOMMENDATION

It is recommended that the Chief of Police execute the attached Memorandum of Understanding between the El Monte Police Department and Neighbors by Ring. This MOU will allow our entire Department to access the Law Enforcement Portal to the Ring Neighbors Application and social media sharing platform. This is a zero cost item and all connectivity is achieved via internet and no monthly or annual cost is needed.

BACKGROUND

Ring is a front door bell camera that uses internet technology to allow homeowners to view images and videos and increase security. Ring is dedicated to the idea that these devices can create safer communities by sharing images collected by the system and shared by users in a social media platform moderated by Ring Corporate. Ring has designed a law enforcement portal that provides increase awareness of shared videos and information on the Ring Neighbors social media platform. The portal allows Police Departments nationwide to interact with the individuals that may have collected video evidence of a crime in the jurisdiction and obtain evidence for the purpose of identification of criminals.

DISCUSSION

Several features provided via the Law Enforcement Portal include a means to interact with posts from users to encourage them to contact law enforcement and provide the video evidence and assist on the identification of criminal behavior. There is a request for video tool that allows the police department to request videos from users of Ring Neighbors during a specific time frame which may have captured a crime. That share request is sent to users within a 'geo-fenced' area and with a message about the request coming from our Police Department. If the user shares the videos captured by their device(s), the video is uploaded to a secure server for viewing by our detectives

Chief David R. Reynoso February 27, 2019 Page 2

and can be downloaded to a MP4 file format for evidence submission. At this time, there is 1,400 Ring Camera currently in use in El Monte. In addition, there are over 1,000 additional Neighbors on the Social Ring Network who do not use Ring products, but share information and images of suspected criminal activity. This is a powerful tool to reach out to our community and engage direct sharing of images of criminal or suspicious conduct that can be shared with our officers and staff to help prevent crime and locate people that may be the source of crime reported in our City.

Our efforts extend past this individual MOU and it is our intention to use the resource of social media to interact with our community and gain social capital toward improving community awareness and communication. We will be the administrators for the users, which must be employees of the police department and have internet access to use the system. Currently, our Watch Commander phone has the Neighbors Application and we use it to monitor shared videos on the social media platform. This will allow interactions to display the name of the detective, officer or sergeant and the fact they are a member of the El Monte Police Department with request for information. Attached is the Neighbors by Ring MOU.

Date: 3-4-19

FISCAL IMPACT

There is no impact to the General Fund. This is a zero cost item.

Neighbors by Ring Memorandum of Understanding

This agreement is entered into this 26th day of February 2019 by and between Ring LLC ("Ring") and El Monte Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make El Monte ("City") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law
 enforcement and the public may access free of charge by downloading the Neighbors App (iOS
 and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to City residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

RING REWARD PROGRAM

Residential crime related to theft and burglary remains a primary topic during neighborhood engagement meetings. The Ring Home Security Camera system provides not only intelligence about suspect's action and descriptions, but serves as a deterrent to crime. The El Monte Police Department will utilize Ring Camera Door Bells as a reward to community members. The Cameras will be provided to witnesses based on the following criteria.

- Any community member who has descriptive knowledge of a suspect seen committing a burglary to a residence or a theft of property from a residence in El Monte and reports the information to officers during the course of the investigation;
- 2. Witnesses must provide identifying suspect information; and be willing to testify if needed.
- An arrest of a suspect connected to the report in which the witness supplied a description or confirmed identity; and information is corroborated to meet the requirements of arrest by police.

In order to make notification of a person meeting the above requirements the following steps shall be taken to issue a RING Door Bell under this program.

- 1. The Officer completing the report will notify their supervisor of the witness cooperation falling within the RING Door Bell Reward program.
- 2. The Patrol Team Sergeant will review the report and ensure the information is complete to include the witnesses' information and description of the suspect.
- 3. The Sergeant will notify the on duty Watch Commander and Patrol Captain of a witness that is eligible to a Ring Door Bell Camera.
- 4. Patrol Captain will notify the Administrative Services Captain via email of the eligible witness and corresponding case number. Whenever possible, the Ring Door Bell Camera will be presented to witness within one week of arrest.

For audit purposes, a log will be kept by the Administrative Services Captain to document the incident and reference the arrest and report number.

The success of the Program will rest in part with how the Police Department communicates this program of officers who will seek out witnesses. Social media outreach will be used to highlight success of the program, but recipients are not required to have their name or image shared with the public via social media.

Vehicle Burglary-Window Smash

On 2/4/19 between 08:30 AM to 2:30 PM a victim's vehicle was burglarized while parked in the Business Complex. The vehicle was locked, however, the suspect smashed the side window to gain entry. Once inside of the vehicle, the suspect removed the victim's purse. The TRPD is reminding our resisdents prior to locking and leaving your vehicle unaccompained to conceal or remove any valuablessuch as pocketbooks, computers, cell phones, cash/loose change that may be in plain view. Always remember, if it is out of sight it will be out of mind!

RESIDENTIAL BURGLARY PREVENTION

Burglary victims often feel vulnerable and violated as their personal space has been invaded. Residential burglaries often occur during the day while families are at work or school, Household tools like hammers, screwdrivers, pry bars and pliers may be used to gain entry into your home.

Unfortunately, it is hard to catch burglars in the act and harder to catch them after the fact. While residential burglaries seem random in nature, there is a simple selection process. Unoccupied homes with easy or concealed access and quick escape routes are targeted. Protect yourself and make your home a less likely target with the following suggestions:

BRIGHT DEAS

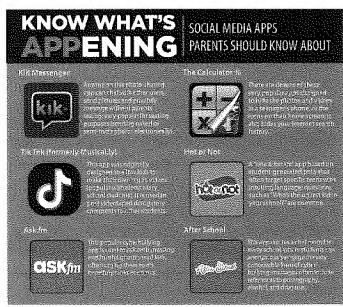

install lights by all exterior doors. Use lights at night.

Install outside light fixtures where bulbs are hard to reach.

Illuminate house numbers for quick emergency services response.

Trim shrubs back from doors and windows. Don't give burglars places to hide.

Subject: Movie Permit Process and Notification Steps

CHIEF, THIS IS WHAT I WANT TO PUT OUT:

The below process is designed to highlight the importance of communication and attention to an industry that can benefit our community. Just as important is the standards that are required to approve and secure these activities to avoid a negative impact on business, residents and employees.

The Police Department is normally the first point of contact with the film industry when a location is determined. It becomes our job to shepherd the production team through the process and account for a variety of impacts they may affect other city departments, local business, traffic, residences, mass transit, employees, and schools. So with all of this in mind I am requiring for the following guidelines be adhered to when a film permit is sought.

Sgt. Guadarrama is the primary point of contact for the Film Permit process. Any inquires should be routed whether telephonic, ELMO or email to Sgt. Guadarrama. Please use the Desk Phone Number First, (626) 580-2103. As a back up or if urgency is present use her cellular phone number of (626) 807-0529. Administrative Services Captain Williams can be contacted if there is no response after a reasonable period of time or if the mater requires immediate attention.

I will determine the best course of action based on needs and either refer to Sgt. Guadarrama, or if unavailable because of a previous commitment, refer them to Sgt. Luna or Lt. Cano. In the event Sgt. Luna or Lt. Cano receive a referral or request for a Permit from a film production company they will immediately notify Sgt. Guadarrama and I via email about the request and what steps have already been taken to assist the permit seeker. This will allow Sgt. Guadarrama to determine if further action is needed and how to best proceed based on the circumstances of the permit request.

Time is often of the essence, so it is our goal not to tell a production company nothing can be done until a future date, which may blow the ability for the company to conduct business within the city. At the same time we cannot allow a production company to ignore the basics related to required permits and security and safety. Part of the reason we often require a police officer is to ensure issues that may affect the production company or community can best be handled immediately by a dedicated officer(s). We do not want to burden patrol with responding to a call related to a production company which may be held because it is not a priority. This delay often results in a greater negative impact on all parties and all of this heart ache can be solved by having adequate police personnel present to handle nearly every situation.

All Special Detail Overtime should be referred to the Special Detail Sergeant, Currently Sgt. Choe, for posting and sign up. This is designed to ensure we do not have anyone pigeon holing overtime and any perception of unequal treatment. You should know that while we collect the Special Officer rate for these details, there is a Y-Rate paid to supervisors and some personnel over the special officer rate which results in a negative for the city if a sergeant is hired in lieu of an officer. Any large events requiring multiple officers and a supervisor will require a great attention to detail

to ensure we are collecting funds to cover the use a sergeant. For this reason whenever the timeline to hire officers is less than one full week and not during Sgt. Choe's workweek, an email will be sent to all officers notifying them of the overtime opportunity and the point of contact with a deadline to fill the position(s). That email will include Sgt. Choe and both Captains, so they are aware of a late notice film permit and all effort is being made to fill the time. Once the positions are filled a final email to Sgt. Choe, the event day watch commander(s), and Captains, advising everyone of the personnel selected with the days and hours of operation. Should the deadline be reached without sufficient personnel coverage the Administrative Services Captain, Patrol Captain in their absence, will be notified and may allow for alternative selection authorization. If a large event is identified the Police Chief or his designee may appoint a Sergeant or Lieutenant as the coordinator to arrange all overtime and operational plans.

Subject: Special Officer Pay and Y-Rate

Bea,

I talked to Finance about the Y-Rate for corporals and sergeants working special officer assignment. They permit seeker is only charged the Special Officer pay and not the Y-Rate difference. That cost is paid to make the employee whole and at cost to the city general fund. SO when hiring personnel for smaller events it is a negative expense to hire a sergeant for special officer assignments when the permit seeker is not charged up front for a supervisor. In larger events we can identify the need for a supervisor and make that requirement for supervision. We can even require a lieutenant like we are looking art using for a event like Oct 26.

The long and short of this is that hiring sergeants for special officer events does cost more than we take in. The Y-rate is a way to comply with the true OT cost, but this is a cost to the city and not recovered by the city through the permit seeker.

Thank you,

Christopher Williams
